As a motivated and skilled web developer, I am seeking a position where I can utilize my skills and experience to create dynamic and engaging websites. With experience in both an internship at XpertBot and multiple successful personal projects, I am confident in my abilities to develop and implement effective solutions for clients.

EXPERIENCE

Web Development Intern, XpertBot

Jan 2023 - Aug 2023

XpertBot, saida

- Successfully completed an 8-month internship with XpertBot, gaining valuable hands-on experience in web development.
- Worked collaboratively with a team of developers to meet project deadlines and deliver high-quality products.
- Demonstrated strong problem-solving skills by troubleshooting and resolving issues that arose during the development process.
- Acquired practical knowledge in software development best practices, version control, and working in an agile team environment.
- Participated in code reviews, providing feedback and suggestions for improving code quality and readability.

Personal Projects

Oct 2022 - Present

personal projects, saida

- To-Do App (Vue): Developed a user-friendly to-do application using Vue.js, allowing users to manage tasks efficiently.
- Plan Selecting Page (React): Created a plan selecting page using React.js, enabling users to choose from various subscription plans easily.
- Walkie Website (dog services): In progress, a website for a dog services business providing information and contact options
- Realify Website (real estate): Under development, a real estate website showcasing listings and property details for potential buyers or renters.

EDUCATION

Bachelor of Technology (B.Tech.) - MIS

Jan 2023 - Jan 2026

Lebanese University, saida
